OLSC012/025/050

Super Clear face laminate for integral cards. Laminate has premium special high gloss top coating for lasers and is still signature compatible. This topcoat is used where ultimate clarity and gloss is a must and will still accept laser toner. Designed for color laser printers and will work very well in standard laser printers. This is our most popular face laminate when high color print is used. Wet out is very good. This laminate makes your card look great. Also HP Indigo printable!

OLDL025/050

Special laser top coated laminate designed for tough low heat toner fusion desk top laser printers. Less glossy than SC topcoat but more glossy than having to use a matte. This top coating is used when you need the best toner anchorage possible on a lower heat printer. OLDL012 (1/2 mil) is available upon request.
